

Short Bio-data

Name: **N. Selvakumar**

Designation: **Principal Scientist**

Division: **SED**

Area of Expertise: Materials for energy harvesting and conversion; nano-optics, one-dimensional nanowires/nanotubes, two-dimensional films/powders, transitional metal nitride, and oxide coatings, transparent conducting materials, radar absorbing materials, photo thermal supercapacitors, etc.

Specialization: **Materials Science**

Publications: **38**

Subject area willing to guide the student: **Chemistry, Physics and Materials Science**
